I want to make things that make a difference. Let's bring Your Dreams To Life ...

MY BACKGROUND

Full stack web developer working with HTML, CSS/SCSS, JavaScript/jQuery, PHP, MySQL, and WordPress . Responsibilities include designing and developing websites, back end maintenance and communication. I have a love of clean, elegant styling and I have lots of experience in the production of CSS3 and HTML5 for modern websites. I love creating awesome as per my clients' need. I think user experience when I try to craft something for my clients and making a design awesome. Used the latest HTML5/CSS3 and JavaScript standards to develop custom, responsive websites.

PROFESSIONAL SKILLS

Skills On Web Design, Actix Analyzer, Genex Assistant, TEMS, Google Earth, MapInfo Professional Software, MATLAB and PLC.
